

A man and a woman are standing side-by-side against a plain white background. They are both wearing black winter clothing. The woman on the left is wearing a black beanie and a black hooded jacket with a drawstring closure. The man on the right is wearing a black beanie and a black high-necked jacket with a zipper closure. Both are looking directly at the camera.

ROTHOLZ

Introducing the Rotholz Fall/Winter 21/22 Collection.

A ready-to-wear everyday collection that bridges sustainably-focused timeless design with streetwear elements for both men and women. Produced entirely in Europe from 100% organic fabrics, the Fall/Winter 21/22 Collection fuses a rich, earthy palette of brick reds, chestnuts, and olives with organic cotton flannels, corduroys, and fleece as well as organic wool and merino wool.

Utilising a selection of premium organic cottons, the collection introduces a wide variety of new styles, while reintroducing a number of popular permanent pieces.

Rotholz and its minimalistic signature stands for simplicity, premium quality and detailed craftsmanship. All items are produced in Europe under fair conditions and made from environmentally friendly materials.
